Ruweis Marine Services W.L.L

A Word from the Managing Director

Since the beginning of our journey, from the time we started building the deep foundations of RMS to the stage that we stand today; we have had many moments of success, disappointments and real challenges that could have put an end to this great journey.

However, by having a clear vision and a wonderful team that has always put RMS mission as its first priority, we succeeded in making major progress in growth and continual development of RMS.

We are proud to be unique in every service we provide to our prestigious customers and at the same time we are glad that we have the ability to respond quickly to ever-changing market.

Being a potential client, new business partner or a stakeholder with RMS means that you will enjoy every moment of being part of our family and part of our journey towards excellence.

GET TO KNOW RMS

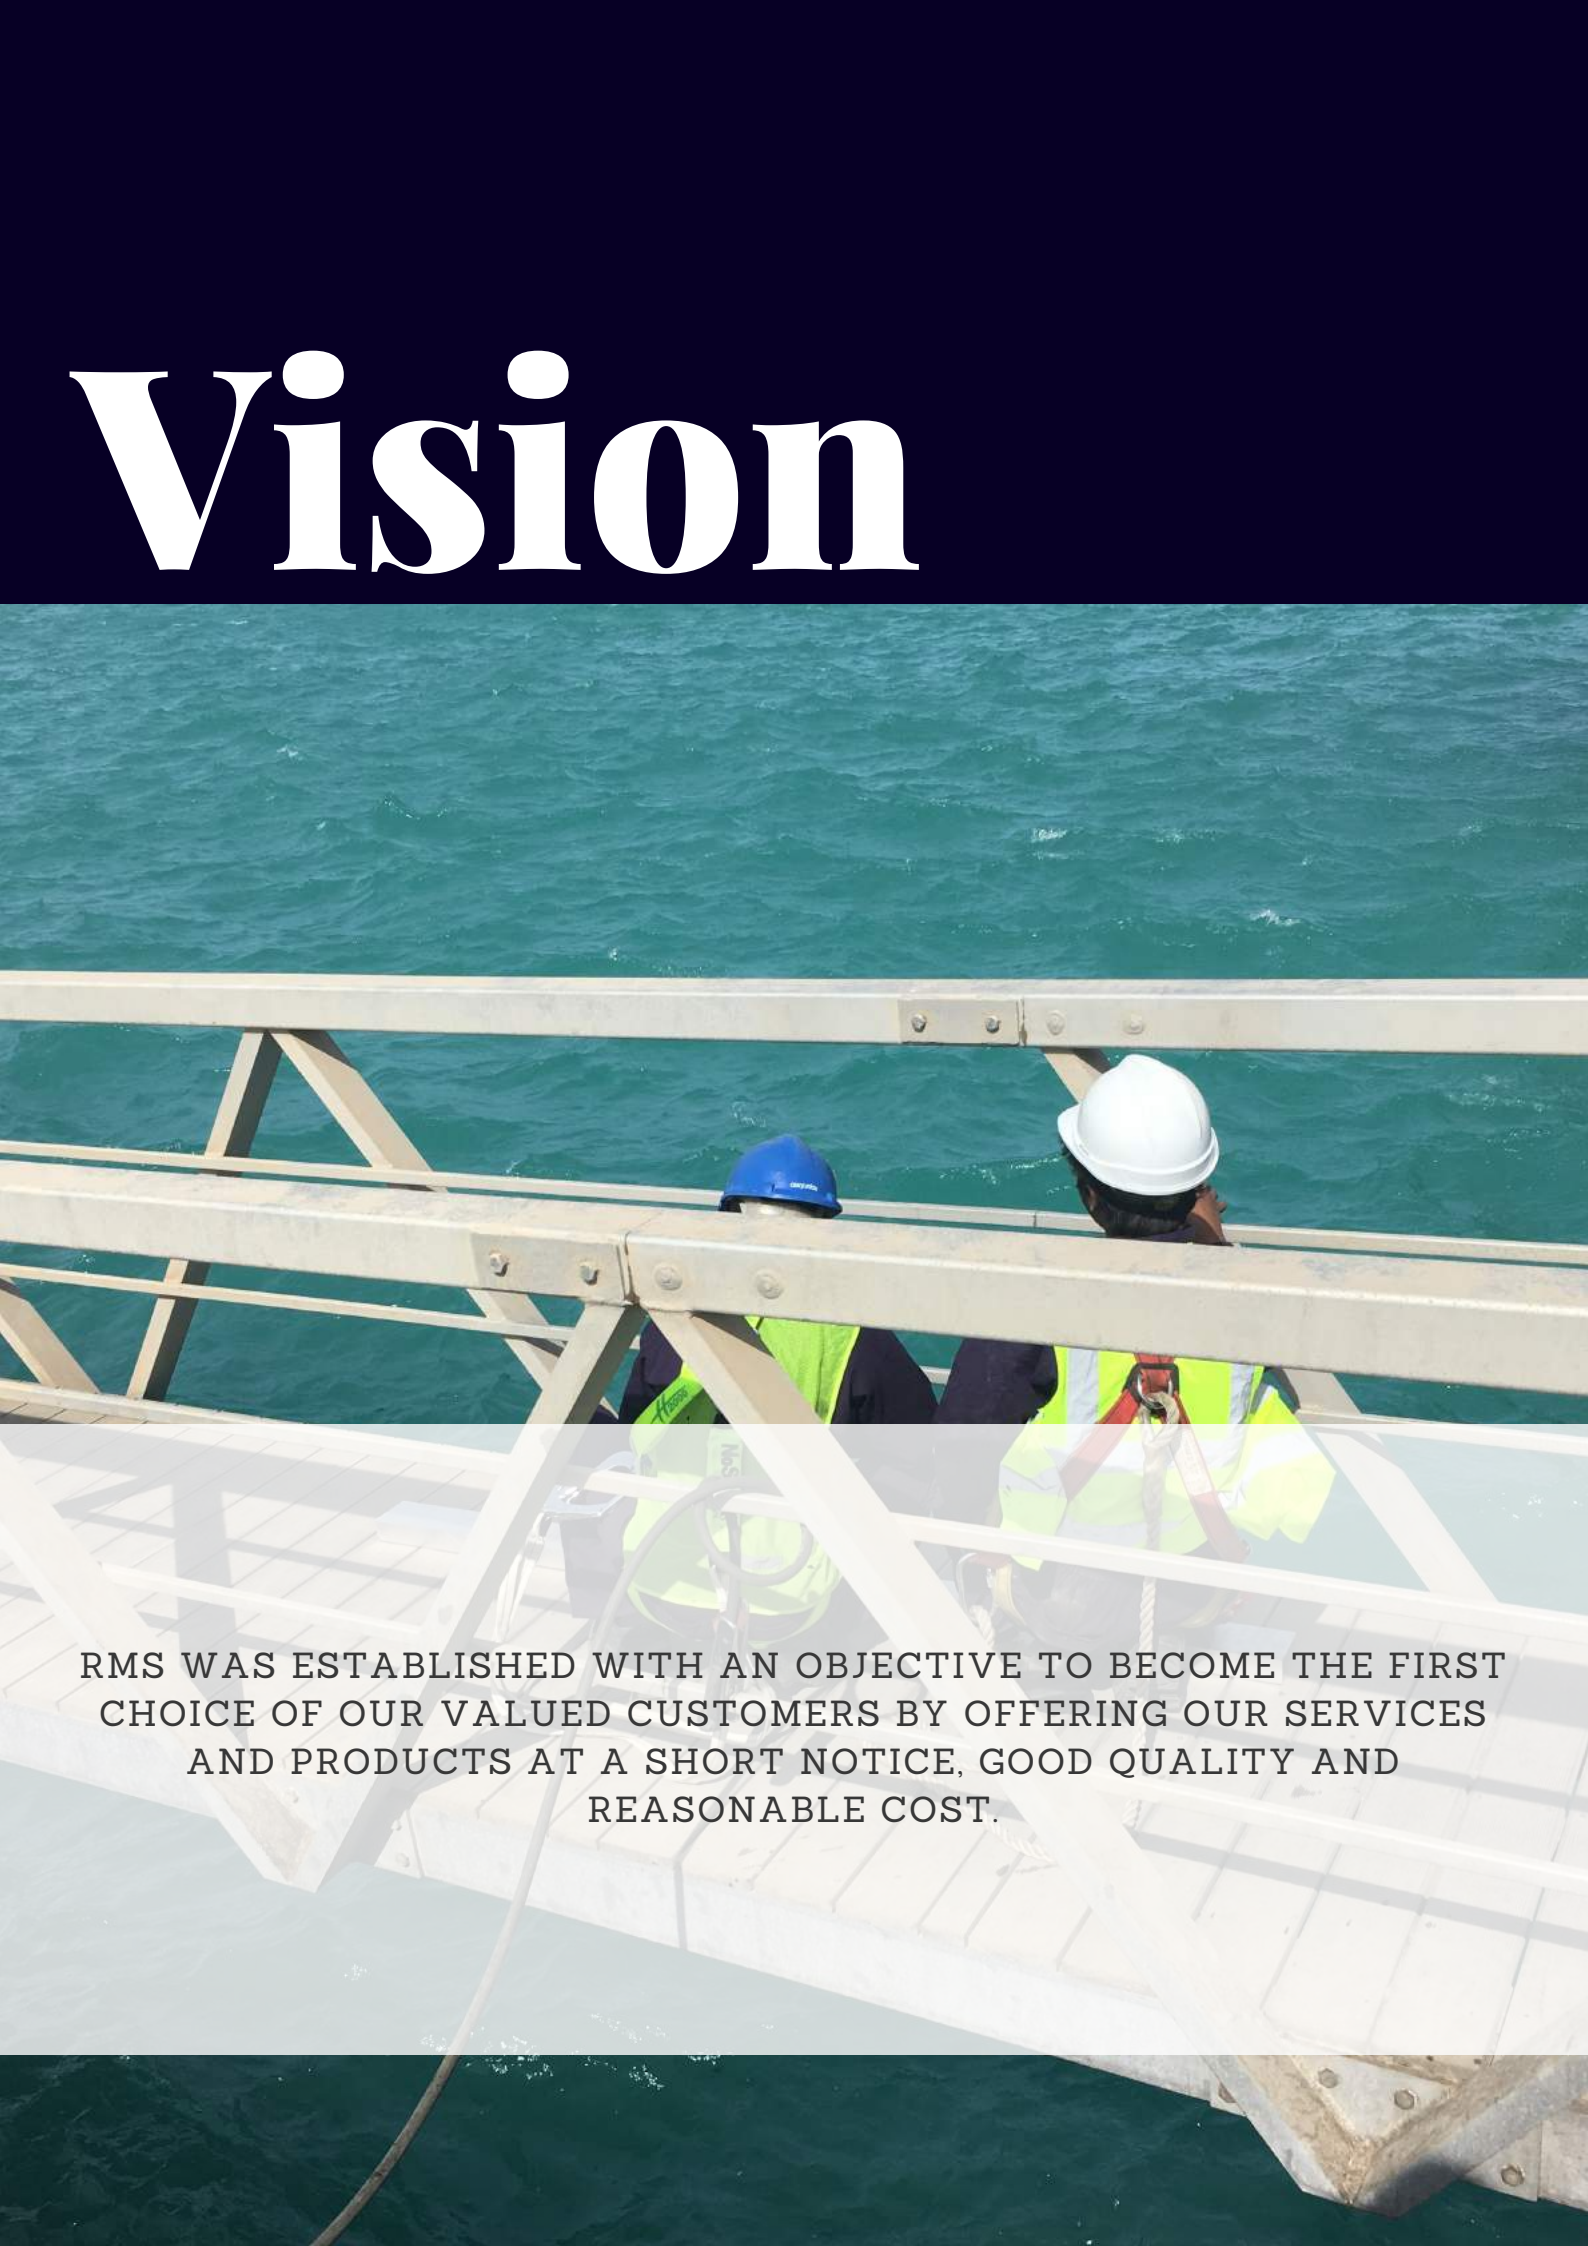

Mission

'ITQAN' IS A WORD THAT BELONGS TO THE CULTURE OF THIS REGION AND MEANS DOING THE WORK AT HIGHEST QUALITY WITHIN COMMITTED TIME EFFICIENTLY.

RMS BELIEVES THAT WITH OUR TEAM OF EXPERTS, ALL OUR SERVICES SHALL BE DELIVERED WITHIN THE 'ITQAN' PHILOSOPHY

Vision

A photograph of two construction workers on a large metal bridge structure over a body of water. The worker on the left wears a blue hard hat and a yellow safety vest. The worker on the right wears a white hard hat and a yellow safety vest. They are both looking out over the water. The bridge has a complex metal framework with beams and girders. The water is a deep blue-green color with some whitecaps.

RMS WAS ESTABLISHED WITH AN OBJECTIVE TO BECOME THE FIRST CHOICE OF OUR VALUED CUSTOMERS BY OFFERING OUR SERVICES AND PRODUCTS AT A SHORT NOTICE, GOOD QUALITY AND REASONABLE COST.

VALUES

CUSTOMER SATISFACTION

- Customer trust is a must therefore, we do our best to fulfill his needs more than any other company can. Hard work is what make us our customer's first choice.

SECURITY SOLUTIONS

Your business performance depends on information technology more than ever. Availability, security and compliance issues can have a big impact on your ability to achieve business and operational success. Security issues have significant impact on critical infrastructures as well as disastrous consequences both for organisations and governments. Protecting your organization from any kind of security threats is an insurmountable task and definitely a big challenge.

Therefore, we provide our clients with the best security solutions, whether it's related to Cyber maritime or offshore security.

We offer a complete solution to allow you continue working with efficiency.

We have built a strong partnership with two leading companies in the security field.

Our choice was not hazardous, it was made after a long search and evaluation process.

The outcomes of this partnership are :

ASPIDA

ATEC T &

ASPIDA

ATEC T&

A Complete Security Solution

We are offering an all in 1 security solution for every need: cyber security or maritime security all that comes with a lot of expertise and a minimal investment to make you ensure your business growth.

we are proposing the Network Switching PC (NSP) as the hardware solution to any kind of cyber attacks.

It's about doing a physical separation between internet and intranet so this will ensure safety to the PC even though the internet area is under cyber attack.

As for the software solution we are offering a complete security plan starting from risk assessment to emergency response.

We offer

SECURITY SOLUTION

**A COMPLETE
SECURITY PLAN**

RISK ASSESSMENT

AUDIT: Identification of existing threats and vulnerabilities and suggestion of new Cyber Security Policies

VULNERABILITY ASSESSMENT: investigation, analysis and report of the risk level of any security vulnerability detected in your network

PENETRATION TESTING: identifying and exploiting vulnerabilities in order to prove real-world attack vectors

SECURITY PLAN

- Network Security Plan
 - _Secure Server Configuration
 - _Deploying Policies
 - _Securing and Encrypting Data
 - _Security Plan Implementation
 - _SIEM (Security Information and Event Management)

EMERGENCY RESPONSE

- **CONTAINMENT:** Contain the incident immediately to prevent possible collateral damage
 - _ERADICATION & RECOVERY: Get rid of the malicious code or unauthorised account that caused the incident
 - _FORENSICS: An attempt to locate the attack's origins and motives
 - _REPUTATION MANAGEMENT: Consultancy on how to contain such a crisis successfully

SHIP BROKERAGE

RMS works as an intermediary between buyers and sellers of vessels by providing our customers access to a wide range of various ships and marine vessels for sale, or purchase.

We offer a FREE PLATFORM where you can advertise by adding your vessels to the list of available for sale or purchase, also to indicate the particularities of the vessel you desire to purchase.

We maintain a long-term close relationship with a rich portfolio of local and foreign ship owners, charterers and brokers.
